

## REPORT

### Value Added Course on “Cloud Native Continuous Integration/ Continuous Delivery (CI/CD) Development”

Class: III year CSE

Academic Year: 2023-2024

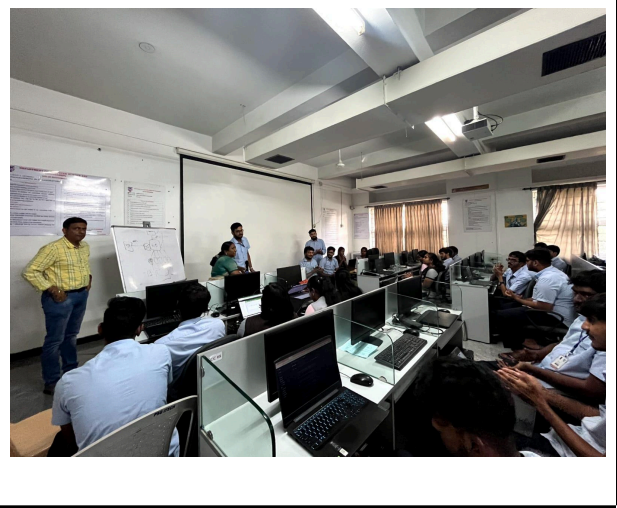

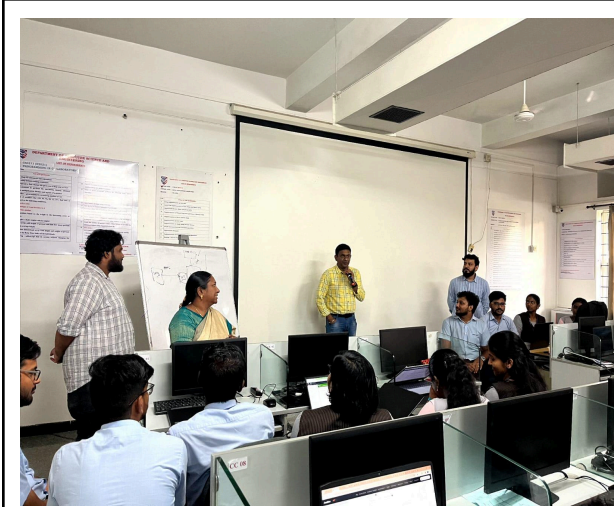

Venue: E2- 103 Cloud Lab

The Department of Computer Science and Engineering organized a Three days Value Added

Course on “**23CS07 - “Cloud Native Continuous Integration/Continuous Delivery (CI/CD) Development”**”, which was held from 02.04.2024 – 04.04.2024, from 8.30 am to 4.30 pm. The session was handled by Srivatsan Santhanam Vice- President Head of Concur R&D, Mr.ManojKumar Venkatesan, development Manager and arjit garg Development expert from SAP Labs India. The students were guided through multiple domains related to CL/CD. Including the service rented by the cloud service providers like AWS.

- AWS EC2 Instance
- AWS Beanstalk
- AWS CodeBuild
- AWS CodeCommit
- AWS CodePipeline

The VAC was well-organized with Three resource persons from SAP Labs India and a total count of 40 students from CSE attended. The students were split into teams to apply the topics that they have learnt. Finally, it became an efficient VAC for students by helping to improve their skills to develop applications aligned with AWS.
